

## A CONSTRUCTION MISSION OPPORTUNITY

Men and boys across Texas are working to help purchase tools to send to IMB missionaries in Sudan –quality tools which are not available in Sudan. These will be gifts for men who have completed a course in basic construction work offered by our missionaries. The course and these tools will accomplish two things: The **opening of doors for sharing the gospel with Sudanese men**, and enabling these men to **help rebuild their country** which has suffered from years of violence and destruction.

For security reasons, we cannot print the last name of the missionaries who will be distributing the tools, but you may know Mike and Marlene R. or have heard them speak in Austin area churches. Please make this missionary's vision reality by making a contribution equal to the cost of one or more of the items on the list, thereby participating in this very important project and the salvation of many souls.

For further information contact **J. Henry Klingemann at (512) 296-4502 or 836-4278.**
